Claims 1-8 and 17-30 are presented for examination. The amendments and remarks filed on August 19, 2003 have been received and entered.

Claims 6-8 are rejected under 35 U.S.C. 102 (b) as being anticipated by Sawruk (U.S. Patent 5,478,579) for the reasons set forth on page 3 of the office action of March 19, 2003.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive. Applicant alleges criticality to the label used on the package of the drug product, and the different use of such compounds. The allegation is not well taken. The written description or a label for an old composition does not create a patentably distinct composition. The different use of an old composition does not create a patentably distinct composition. Applicant has presented no evidence to establish the unexpected or unobvious nature of the claimed invention, and as such, claims 6-8 are properly rejected under 35 U.S.C. 102.

Claims 1-5 and 17-30 at present time are considered to be allowable.

Applicant is requested to provide a copy of references cited on PTO-1449 for examiner's consideration.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1614

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
